OBJECTIVE

Graduate Engineer Trainee aspirant and B.Tech undergraduate specializing in **Artificial Intelligence and Machine Learning**. Possess strong foundations in **Java**, **Object-Oriented Programming**, and **SQL**, with hands-on experience in machine learning and AI-based applications. Seeking an opportunity to contribute to engineering teams while enhancing enterprise software development skills.

SKILLS

Programming Languages: Java, Python, SQL

Core Computer Science: Object-Oriented Programming, Data Structures and Algorithms, DBMS

Web Technologies: HTML, CSS

Databases & Tools: MySQL, Git, GitHub, VS Code

Soft Skills: Team Collaboration, Communication, Adaptability

EDUCATION

Malla Reddy University

B.Tech in Artificial Intelligence and Machine Learning (*CGPA: 8.53*)

2022 – 2026

Hyderabad, India

Sri Chaitanya Junior College

Intermediate Education (*Percentage: 94.8%*)

2020 – 2022

Telangana, India

Narayana Olympiad School

Secondary Education (*CGPA: 10.0*)

2020

Hyderabad, India

PROJECTS

SightSpeak – AI Assistive System for Visually Impaired

- Built an AI-powered assistive system using object detection and NLP techniques
- Generated real-time audio descriptions using Text-to-Speech for enhanced awareness
- Developed an interactive Kivy-based interface supporting voice-driven interaction

Leaf Disease Detection using Deep Learning

- Developed a CNN-based image classification system to identify plant leaf diseases
- Performed image preprocessing and data augmentation to improve model accuracy
- Deployed the model using Flask/Streamlit for real-time disease prediction

Multidisease Prediction System

- Developed a machine learning system to predict multiple diseases using health parameters
- Performed preprocessing, feature selection, and supervised model training
- Evaluated model performance using accuracy and validation techniques

EmoSpeak – Speech Emotion Detection System

- Implemented a speech emotion recognition system using machine learning models
- Generated empathetic responses using Text-to-Speech

ACHIEVEMENTS & CERTIFICATIONS

- TechXcelerate'25 Hackathon – BITS Pilani Hyderabad Campus (March 2025)
- Intellithon 2K24 – AI Project Expo, Malla Reddy University (August 2024)
- NeuroSplash 2K24 – Techno-Cultural Fest, Malla Reddy University (February 2024)
- Software Engineering Virtual Experience Program – Accenture (Forage) (June 2025)
